

Fresh water in a new, convenient package.

Introducing the Roustabout™ from ITT C'treat. An off-the-shelf reverse osmosis watermaker that can reliably deliver 15 to 75 cubic meters of water to your offshore rig or vessel every day. You get our rugged steel frame construction, corrosion resistant components, and the highest level of pretreatment in the industry in a standardized, affordable package. And you can get it delivered, ready to install, where and when you need it. For more information, visit www.ctreat.com today.

Think about ITT.
